

## Beautify Bishops Corner

The Bishops Corner Neighborhood Association invites you to participate in a beautification program for Bishops Corner. We have partnered with the Knox, Inc. who will once again provide and maintain planters in Bishops Corner. Each planter will cost \$295, which includes tax. The Knox, Inc. will deliver, pick up, water, maintain, and replace dead flowers, from June – November 2020.

### Your Business sponsorship of \$295 will include:

- Business listed in all publicity including press releases.
- Business logo on flyers, website and **Logo on planter signage**

### Your Friend of Bishops Corner sponsorship of \$105 will include:

- Name listed in all publicity including press releases, flyers, website and signage on a shared planter. (For individuals/families)

### Benefits of a KNOX Blooms Planter:

Calms traffic, reduces the heat island effect, lowers crime rate, increases property values, creates a pedestrian friendly, walkable streetscape, and instills a greater sense of well-being & community pride. Every planter purchased empowers training and jobs for unemployed Hartford residents who are in need of a second chance.
